The glamorous colour guide captivates with its essential luminosity. Elegant dark shades blend with striking, intense colours. Iridescent metallic hues with brilliant lustre and perfect colour gradations create a magical melting pot of colour.

*Der glamouröse Farbfächer besticht durch seinen leuchtenden Grundton. Unter elegante dunkle Nuancen mischen sich auffallende, intensive Kolorite. Changierende Metallfarben mit großer Strahlkraft und perfekte Farbabstufungen bringen ein magisches Colourmelting hervor.*

The shimmering surfaces of the materials give rise to dramatic effects. The focus is on sequins, glistening diamantes, lamé and lurex effects, ultra-glossy finishes, shimmering feathers and velvet. Crystalline stone structures, marbling and metallic lustre in bronze and gold for iridescent glass objects catch the eye. The extravagant material combinations form the basis for avant-garde displays and festive decorations.
